## Derby High Wall Split System

6 Models - 2.6kW / 3.4kW / 5.0kW / 6.0kW / 7.0kW / 9.0kW

### FEATURES

#### • Long Warranty

5 year warranty (for domestic use) and the security of knowing that all warranty claims are handled promptly from Australian offices.

#### • Super Quiet Operation

Derby's modern design means that the unit is 'whisper' quiet so as not to disturb you or your neighbours.

#### • Derby Air Purification

Air quality is becoming an increasingly important factor in our daily lives. The Derby Activated Carbon air purification filter ensures that clean filtered air is circulated through the room creating a healthier atmosphere.

#### • Smart Function Memory and Controls

Derby units have all the necessary functions & controls Including:

- Temperature/On & Off Timer/Sleep/Auto Restart after power failure/Hot Start Mode.
- Cool/Dry/Fan/Heat/Auto

All models have wireless remote control

#### • Energy Saving Function

Automatic temperature Offset to save energy

#### • Tough Durable Finish

Derby's outside units are built to withstand the extremes of Australian weather with full zinc galvanizing, durable powder coated finishes and Blue Fin Coil Corrosion Protection that protects the more delicate coil from harsh coastal or inland conditions.

#### • Self Diagnostic Indicator

Microprocessor based control system with 6 self diagnostic functions to help identify faults

#### • Full Compliance and Quality Standards

Complies with AS/NZS3823.2:2005

Nata Report Available for 3.4 & 6.0kW models

Factory is ISO9000 compliant.
